## Introduction

Love My Skin would like to present your new favourite beauty tool.

An innovative skin sculpting tool, the Facial Lifting Vibrating Beauty Bar uses sonic vibration technology to naturally improve circulation and revive that glow in your skin!

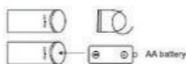

The uniquely shaped vibrating head works over 6,000 sonic vibrations per minute, delivering a gentle facial massage that will leave you in a state of bliss and revealing a brighter, rejuvenated complexion.

Let your skin shine!

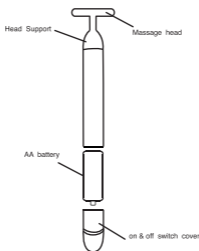

## How to Change the Battery

2. Insert new battery with the negative end first into the bar's body.
3. Twist the rose gold cap back on and turn clockwise to tighten until the cap is fully on.
4. To turn the device on, twist the cap anti-clockwise gently until you feel vibrations.

1. Remove cap after twisting anti-clockwise until it loosens and comes off
2. Insert battery negative end first into the bar's body

When the switch cover is off, do not let it get in contact with water, as the water can damage the device's function.
