How to change the battery

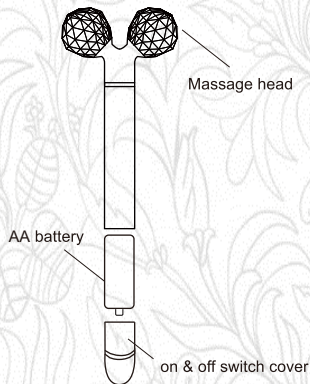

- 1.Grip the rose gold cap at the bottom of the device and twist/rotate anti-clockwise until cap loosens. Continue to twist to bring the cap free.
- 2.Insert new battery with the negative end first into the bar's body.
- 3.Twist the rose gold cap back on and turn clockwise to tighten until the cap is fully on.
- 4.To turn the device on, twist the cap anti-clockwise gently until you feel vibrations.

- 1.Remove cap after twisting anti-clockwise until it loosens and comes off
- 2.Insert battery negative end first into the bar's body

When the switch cover is off, do not let it get in contact with water, as the water can damage the device's function.

Include page number on every page except the cover and back cover.

1. Gently wash your face with a cleanser before use.
To enhance anti-wrinkle effect, apply your favourite serum and the vibrations of the facial roller will help the serum absorb.
2. Roll the device in an upwards motion from the neck up towards the face.
3. Next, roll outwards from the chin towards the nose, ears and jawline in smooth upward strokes.
4. Finish off with the inner-corner of the eye to the edge of the face.

How to change the battery

Use 1 x AA battery.

Turning on and off

To turn on, twist anti-clockwise

To turn off, twist clockwise until cap is tight and vibrations cease

Battery Life

When vibrations weaken, please replace the battery
Please take out the battery if you are not going to use it for a long time

PROBLEM	POSSIBLE CAUSE	SOLUTION
Appliance does not work	Battery is running low Battery is out of power Battery inserted incorrectly	Replace the battery ensuring you place the negative end first into the bar's body
Abnormal noise when using the device		Turn the device off and install correctly
Can I change the power of the vibrations		This roller has one power setting for vibrations
The product doesn't seem to be having an effect on my skin		Please ensure to use the device continuously for an extended period and couple with your favourite serum for best results
Can I use this if I have sensitive skin or a skin condition		While the device is very gentle, if you have a pre-existing condition, we do recommend you consult your doctor or dermatologist before using
Can I use this when my face is wet		We recommend you keep the device away from a direct water source to protect the battery inside the unit
Other		Contact your local retailer

Note: If the device still does not work properly after using the above solutions, please stop using the device and contact your local retailer.

Cleaning

Wipe gently with a dry or slightly moist soft cloth on the metal roller. Never use hot water, harsh chemicals or cleaning agents as they will erode the finish and polish on the roller. For long-term care, you can lubricate the connectors with a plant oil (like coconut) to ensure smooth rolling.
